

A \$300 MILLION EXPANSION FOR THE VALLEY.

Clovis Community Medical Center is transforming into the most advanced, all-private-room hospital in the Valley. Today we're trusted by local families as a convenient, friendly hospital offering a wide-range of medical services. Tomorrow we will be so much more.

We're in the midst of one of the most ambitious projects the Valley has ever seen - a massive inpatient and emergency department expansion to keep pace with our region's growing demand for health care. And this already-favorite hospital will provide an even higher level of care and service.

BECAUSE YOU COUNT ON US

Over the years, we have proactively expanded services and facilities at Clovis Community to meet your health care needs, but a transformation is now needed to truly keep pace with the region's population growth. We're stepping up, but this monumental project depends partially on public support. Your gift - no matter the size - will help ensure vital care for Valley residents remains close to home.
