

# CLOVIS COMMUNITY MEDICAL CENTER

Celebrating 30 Years with Continued Growth

## MAIN CAMPUS EXPANSION

Phased opening through 2022

Upon completion, the main campus expansion will provide 420 new job opportunities for nurses, therapists, technicians and support staff and is expected to employ 2,500 local trade workers while under construction.

- A second 5-story bed tower with 144 private patient rooms, including 24 ICU beds
- 6 new inpatient operating rooms
- Expanded and redesigned emergency department
- Expanded imaging department with new equipment
- Expanded support services:
  - Kitchen & dining
  - Lab & pharmacy
  - Materials management
  - Energy plant
- 659-stall parking structure
- Clinical & administrative general support building

150 beds total

- 90 traditional skilled nursing beds
- 60 subacute beds for more medically fragile patients

## SKILLED NURSING FACILITY

Opening 2021 at Temperance and Herndon

The skilled nursing facility will treat patients who don't require the acute care services of a hospital but still need 24 hour medical care. Nurses and therapists can provide rehabilitation services such as physical, speech or occupational therapies and care for things like treatment of a complex wound.
