Report Type: Supplier Diversity Plan

Year: 2024

Facility: CLOVIS COMMUNITY MEDICAL CENTER

HCAI ID: 106100005
Status: Complete
Due Date: 7/1/2025
Last Updated: 6/20/2025

#### **General Information**

Hospital Name: CLOVIS COMMUNITY MEDICAL CENTER

Reporting Organization: Community Health System

HCAI Hospital ID: 106100005

Report Period Start Date: 01/01/2024 Report Period End Date: 12/31/2024

### **Policy Statement**

Supplier Diversity Policy Statement

If the information is not available, please use this opportunity to share any relevent details with the public, including updates on unavailable or developing content.

As a locally owned and operated healthcare network, Community Health System respects and celebrates the Central Valley's rich and diverse heritage. Our commitment to diversity and inclusion is a cornerstone of our patient care and work culture. All are welcome as valued members of our community whether patient, employee, physician, student or visitor. Creating a truly diverse workplace includes prioritizing diverse suppliers of goods and services. Our high standards of service excellence are supported by obtaining the best value, seeking local vendors when possible, maintaining the highest ethical principles and facilitating the inclusion of diverse suppliers.

### **Goals and Timetables**

Please describe your hospital's short-term goals and timetables, but not quotas, for increasing procurement from women, minority, LGBT, and disabled veteran business enterprises. If the information is not available, please use this opportunity to share any

relevent details with the public, including updates on unavailable or developing content.

Our hospital's short-term goals and timetables for increasing procurement from women, minority, LGBT, and disabled veteran business enterprises includes: effectively tracking current spend, engaging with a number of minority owned enterprises we currently utilize, and identifying opportunities to expand utilization. We are currently developing a more real-time dashboard that will assist in our monitoring efforts.

Please describe your hospital's long-term goals and timetables, but not quotas, for increasing procurement from women, minority, LGBT, and disabled veteran business enterprises. If the information is not available, please use this opportunity to share any relevent details with the public, including updates on unavailable or developing content.

Our hospital's long-term goals and timetables for increasing procurement from women, minority, LGBT, and disabled veteran business enterprises includes: determining our historical KPI's (minority spend, count of minority business enterprises, product availability versus demand, etc.) and reviewing goals annually with the intent to expand utilization for contract supply categories set to expire in the upcoming years. Additionally, partnering with our current minority owned enterprises to identify opportunities to expand their footprint within our Healthcare System.

### **Outreach & Communication**

Please describe the methods in which the hospital encourages and seeks out both prime and subcontract suppliers from women, minority, LGBT, and disabled veteran business enterprises to become potential suppliers. If the information is not available, please use this opportunity to share any relevent details with the public, including updates on unavailable or developing content.

Community Health System's (CHS) commitment is to make supplier diversity an integral part of our Supply Chain Management (SCM) strategy, first through supplier identification utilizing available resources (GPO, Local Partners and Government Websites) and then identifying Supplier opportunities for implementation.

Please describe the methods in which the hospital encourages its employees involved in procurement to seek out women, minority, LGBT, and disabled veteran business enterprises to become potential suppliers. If the information is not available, please use this opportunity to share any relevent details with the public, including updates on unavailable or developing content.

CHS provides multiple venues for our employees to impact our procurement efforts in service to our customers. We employ a committee approach to our clinical care and supply selection. These include, but are not limited to, the Value Analysis Committee, the Technology Assessment Committee, the Wound Product Committee, etc. that review the introduction of new vendors and products. These committees work in conjunction with multiple teams like vendors, clinical departments and supply chain to assess the implementation of new vendors that further enhance our current clinical practices. This is done while ensuring the financial health of the hospital and pursuing the goal of expanding our partnerships with women, minority,

LGBT and disabled veteran enterprises. During the process, in which we have a supply contract expiring we have set the expectation for the contracting team to explore all vendors (suppliers) that can support our requirements, this includes identifying Diverse Suppliers. We have updated our RFP process to include questions that allow us to identify Diverse Suppliers in our effort to expand utilization and explore opportunities. Additionally, we actively engage with our GPO (Premier) & direct vendors on subcontracting with diverse suppliers.

Please describe the methods in which the hospital conducts outreach and communication to women, minority, LGBT, and disabled veteran business enterprises. If the information is not available, please use this opportunity to share any relevent details with the public, including updates on unavailable or developing content.

CHS is committed to receiving feedback and learning from the experiences of diverse populations within our community. When conducting the triennial Community Health Needs Assessment (CHNA), CHS seeks input from women, minority, LGBTQ+ and veteran organizations and individuals through personalized outreach for participation in public surveys, key informant interviews and focus groups. The 2023 CHNA included 8 key informant interviews and 37 focus groups specifically gathering input from these populations. Additionally, CHS sends out a Request for Funding Application to a diverse group of local non-profits annually, including organizations primarily serving underserved members of our community. In FY24, some organizations receiving funding included: Marjaree Mason Center, The Fresno Center, Vision y Compromiso and the BLACK Wellness and Prosperity Center. CHS prides itself on being a diverse healthcare provider. This is reflected in our workforce with 40% of clinical and non-clinical staff identifying as Latino, 23% are Asian staff members and 4% are Black or African American staff members. 72% of our workforce represent diverse ethnic backgrounds and 75% of our workforce identifies as female. 58% of our leadership team are women and 31% of our leaders represent diverse ethnic backgrounds.

### **Support and Supplier Resolutions**

Please describe the methods in which your hospital supports, partners with, or interacts with organizations and other entities in the procurement ecosystem that promote, certify, or contract with women, minority, LGBT, and disabled veteran business enterprises. If the information is not available, please use this opportunity to share any relevent details with the public, including updates on unavailable or developing content.

Our hospital works in conjunction with Premier, our Group Purchasing Organization, in identifying and activating supply agreements with minority owned enterprises. We have regular meetings to review current categories and agreements as well as forecast categories that will require partnership with vendors to fulfill our hospital's needs. We use this opportunity to identify minority owned enterprises we can do business with. Outside of working with Premier, we communicate with many local, minority-owned enterprises to create business relationships.

Please describe the methods in which your hospital resolves any issues that may limit or impede an enterprise from becoming a supplier. If the information is not available, please use this opportunity to share any relevent details with the public, including updates on unavailable or developing content.

When an issue presents that limits or impedes an enterprise from becoming a supplier, we will partner with them directly to identify the source of issue and then work collaboratively to develop a viable solution. For example, if an enterprise is unable to provide the required supply volume, we will partner with them and a secondary vendor to ensure the Healthcare System has the required volume to ensure patient care is not impacted. We partner with enterprises to develop creative solutions that are beneficial to both entities, while ensuring that Patient care is not impacted.

## **Diversity Commission Recommendations and Planned Implementations**

Please describe the past implementation of relevant recommendations made by the Hospital Supplier Diversity Commission. If the information is not available, please use this opportunity to share any relevent details with the public, including updates on unavailable or developing content.

On our journey to increase Supplier Diversity, we have reviewed the Hospital Supplier Diversity Commission's recommendations and implemented many of them, while developing a road map for others. Our first action was the implementation of the supplier diversity statement as this sets course and direction, followed by the implementation of an outreach program, webpage, the requirement for diverse suppliers to obtain certification through authorized body, and informing our prime distributors and suppliers to report on spend with diverse suppliers. Additionally, we have enhanced our SCM RFP process to include a diverse supplier identification process and modified our vendor intake process to include a data field that captures diverse certification.

Please describe the planned implementation of relevant recommendations made by the Hospital Supplier Diversity Commission. If the information is not available, please use this opportunity to share any relevent details with the public, including updates on unavailable or developing content.

As we continue to move forward to enhance our supplier diversity program, we are working on developing and strengthening our processes so they are sustainable. To do this we are reviewing and updating our standard operating procedures to include processes aimed at enhancing our supplier diversity spend. Additionally, to strengthen the standardized processes we are identifying where new policies can be developed: i.e. inclusion policy. Regarding metrics, KPIs and tracking, we are developing new dashboards that will allow leaders to see information in more real-time, allowing strategic decisions surrounding supplier diversity spend and achievable annual targets. Additionally, we are leveraging our current ERP Transformation Project to ensure the database is developed to allow for better overall reporting of supplier spend, including supplier diversity spend.

#### **Procurement Process and Certification**

Please describe your hospital's procurement process. If the information is not available, please use this opportunity to share any relevent details with the public, including updates on unavailable or developing content.

Community Health System works in conjunction with Premier, our Group Purchasing Organization, in identifying and activating supply agreements with minority owned enterprises. For supply categories where Premier does not have agreements we utilize our RFP process to develop supplier direct contracts ensuring the Healthcare system receives the best product, at the right quantity and right price. Our goal is to ensure the clinicians and physicians have the supplies required to ensure the best possible care.

Do you require suppliers to be certified?

Yes

Do you accept self-certification?

No

### **Diverse Procurement Spending – Minorities**

For the reporting period, enter the whole dollar amounts procured by your hospital from those business enterprises that employ the majority of their workforce in California. If \$0 were spent on procurement for a category enter \$0. If the data is not accessible, please leave the category blank.

Business Ownership	Tier I Procurement	Tier II Procurement	<b>Total Procurement</b>
African American	\$0	\$0	\$0
Hispanic American	\$0	\$210	\$210
Native American	\$0	\$7094	\$7094
Asian Pacific American	\$0	\$0	\$0
Unknown Minority	\$260251	\$231727	\$491978
TOTAL	\$260251	\$239031	\$499282

### **Diverse Procurement Spending – Other**

For the reporting period, enter the whole dollar amounts procured by your hospital from those business enterprises that employ the majority of their workforce in California. If \$0 were spent on procurement for a category enter \$0. If the data is not accessible,

please leave the category blank. When a supplier qualifies for more than one diverse category, their procurement total is reported in each category. To prevent the procurement from being counted multiple times in the combined total, the identical amount should be reported in the less duplicate amount row.

Business Ownership	Tier I Procurement	Tier II Procurement	<b>Total Procurement</b>
Minority	\$260251	\$239031	\$499282
Women	\$5698	\$22194	\$27892
LGBT	<b>\$</b> 0	\$0	\$0
Disabled Veteran	<b>\$</b> 0	\$56223	\$56223
Less Duplicate Amount (-)	(\$0)	(\$0)	(\$0)
Combined Total	\$265949	\$317448	\$583397

#### **Total Procurement**

What is your hospital's total procurement? \$223381274

Note: Total procurement includes all procurement from diverse and non-diverse suppliers by the hospital. Diverse procurement shall not exceed the hospital's total procurement. Procurement: means the purchase or lease of supplies, services, equipment, and capital expenditures related to buildings and fixed equipment during the provious calendar year. Procurement does not include items such as employee salaries and wages, fixed asset depreciation, amortization, or taxes.

# **Diverse Procurement Spending Summary**

Business Ownership	Tier I Procurement	Tier II Procurement	<b>Total Procurement</b>
African American	\$0	\$0	\$0
Hispanic American	\$0	\$210	\$210
Native American	\$0	\$7094	\$7094
Asian Pacific American	\$0	<b>\$</b> 0	\$0
Unknown Minority	\$260251	\$231727	\$491978
Women	\$5698	\$22194	\$27892
LGBT	\$0	<b>\$</b> 0	\$0
Disabled Veteran	\$0	\$56223	\$56223
Less Duplicate Amount (-)	(\$0)	(\$0)	(\$0)
Combined Total	\$265949	\$317448	\$583397

## **Supplier Point of Contact**

Enter the contact information for the individual(s) that business enterprises who are interested in contracting with your facility can reach out to.

Name: Nicholas Mehas

Email: nmehas@communitymedical.org

Phone Number: 5597244473

#### **Outreach Liaison Point of Contact**

Enter the contact information for the individual(s) of the diverse business outreach liaison of your hospital.

Name: Edith Zazueta Garcia

Email: ezazuetagarcia@communitymedical.org

Phone Number: 5597244481

## **Third-Party Procurement**

Does your hospital use a third-party procurement company (for example, a Global Purchasing Organization)?

Yes

Procurement Company Name: Premier Inc.

Website: https://premierinc.com/

# **Additional Information**

Other Relevant Information (optional).

All information provided will be made available to the public.

We are developing on improving our data structure that will improve our overall reporting.
